UBCTS Food Service Updates

2020-2021 Lunch Price: \$3.25

NOTES ABOUT FREE AND REDUCED BENEFITS:

- Students receiving benefits in the 19-20 school year will continue to receive the same benefits for the first **30 days of the 20-21 school year**. A new application needs to be approved **prior to 10/15/20 at the sending district**. If a new application is not submitted, students will be charged full price until a new application is approved.
- You may apply online at www.schoolcafe.com. Please follow the directions carefully to ensure receipt of the correct benefits for your family.

NOTES ABOUT THE COMPUTERIZED POINT OF SALE & LUNCH ACCOUNT PAYMENTS:

- We will utilize the **cashless system** at the point of sale in the 20-21 school year to limit contact with others. Additionally, a cashless system will speed the service lines by providing a debit account for student lunch purchases, eliminating the need for students and staff to handle cash or checks during lunch service. All deposits to student lunch accounts must be made prior to lunch service.
- **Advance Payment Options**
 - Make payments online at www.mypaymentsplus.com. You can set up low balance reminders.
 - Send in cash or checks to school for deposit into your child's lunch account. Students may drop the money off in the main office upon arrival to school. Please ensure the student's full name and ID number are on the envelope prior to dropping money off.
 - You may also mail a check to Upper Bucks County Technical School, 3115 Ridge Road, Perkasio, PA 18944. Please make sure the child's full name and ID number are written on the check.
- Every student at the school is automatically provided with an account. UBCTS students have their own unique ID number that is **not** the same as their sending district.
- Funds cannot be transferred from the sending district to UBCTS as different payment systems are utilized.
- Positive funds in the student accounts carry over from year to year. When you leave the district or a student graduates, refunds of balances of \$10 or more will be made to the parents. If you have another child in the school balances can be transferred to them. Refunds will not be made available for account balances of \$10 or less.

➤ **Charging Meals**

- All students will be provided a meal, regardless of their cafeteria account balance. A la carte items may not be charged.

CAFETERIA UPDATES FOR THE 20-21 SCHOOL YEAR

- Limited menu choices
- We have eliminated a la carte items except for bottled water which will be available for purchase upon request at the registers.
- Meals will be pre-wrapped, bagged and covered. Students will only be handling their own meal.
- Students will be required to wear masks through line service. Once seated at assigned table, student may remove mask to eat.
- Students will be seated 6' apart facing one direction in all eating areas.
- ID's are required for lunch purchase. Entering numbers on a pin pad will be prohibited.
