December 12, 2021

Dear UBCTS Family,

The Pennsylvania Supreme Court ruled that the Acting Secretary of Health's school masking order is no longer in place.

Effective immediately, we will return to "mask optional," per our UBCTS Health and Safety Plan.

We will continue to report positive cases in the classroom. All students and families should continue to check for symptoms of COVID-19 regularly. The most common signs and symptoms include fever greater than 100 degrees, cough, shortness of breath, headaches, body aches, fatigue, loss/altere sense of taste or smell, diarrhea, and runny nose/congestion. Anyone experiencing these should stay home from school and consult their medical provider.

Please get in touch with our Health Care Services Specialist or me directly with any questions about this change.

Sincerely,

Michael Herrera, Ed.D
Assistant Director
