

To whom it may concern,

The USDA has extended the waiver for all lunches to be provided at NO Cost to enrolled students for the entire 2021-2022 school year. Please note that this is for full meals only. Students will go through the cafeteria serving lines to make their own meal choices.

There will be bottled water, specialty beverages, and snacks available for purchase after the first few weeks of school. Please be advised that students must have money on their account or have cash for these items. Money can be added to your student's account in the cafeteria by cash or check, and payments may also be made online at www.mypaymentsplus.com. UBCTS has a unique ID number for each student. It is not the same as the sending district. Contact the Cafeteria Supervisor if you need this information. Also, please note that no change will be given from cash payments. Any change will be added to the student's account for future purchases.

Please be advised that due to national supply chain issues, menus are subject to change at any time.

If you have any questions, please feel free to email kgrande@ubtech.org or call 215-795-2911 ext 219.

Thank you,

Kim Grande
